Remnant Church Religious Education

The Religious Education department believes the purpose of Church School is to bring the Saints to Jesus Christ and, at varying levels teach and prepare them for the Kingdom of God.

We are dedicated to the edification of God's people. There has been a great need for all kinds of educational material for our people. We have endeavored to seek out and reprint or create edifying material that could be of use to the Saints.

We would like to take this opportunity to encourage you, if your work in the church is religious education, that you are not alone. This work that the Lord has placed before you is a great and wonderful work. The edification of our people is so important, and so often under-utilized that many do not realize its importance. Be excited and enthusiastic about the work.

The quarterlies that are presented are to be used on a two or three year rotating basis. The first year is A, the second year is B, and the third year is C. Each year is divided into four quarters, such as A1 is October, November, and December. A2 is January, February, and March, etc.
