

Gift Drive Suggestions for Children 0-10

Thank you for hosting a gift drive! We are so appreciative of your assistance for our Give Joy Holiday Program. Gifts donated from gift drives help stock our Toyporium, a store where parents can pick out gifts for their children. Parents can shop for kids ages 0 to 18. We usually limit each child to three gifts based on item availability, but we would love to offer more if we're able.

This list is only a starting point. Ask children in your life what they'd like to receive and use their ideas! Other lists can be found around the internet as well.

Clothing/accessories
